uhlsport of GERMANY

#uhleague

At **uhlsport**, we believe in the strength of the team. Football is a team sport where every player makes an important contribution. Only together can we celebrate great successes.

That's why we support teams worldwide with everything they need. Our collections offer high-quality apparel, balls, bags, and accessories - ensuring every team is perfectly equipped to shine on the pitch.

Together, we play in our own league. We call it the **uhleague**. Always with the goal of continuously growing and setting new standards.

Learn more about our philosophy and products at www.uhlsport.com

Material Technology

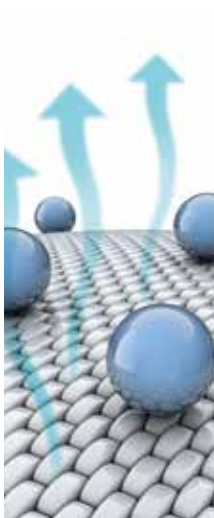

smartbreathe® CLASSIC
Extremely comfortable polyester material for transporting sweat from the surface.

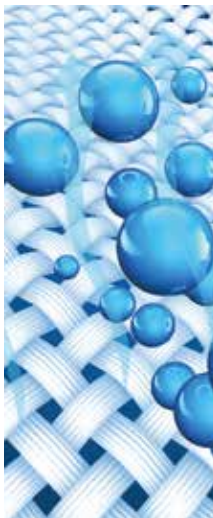

smartbreathe® FIT
Extremely breathable microfiber polyester for light and comfortable wear.

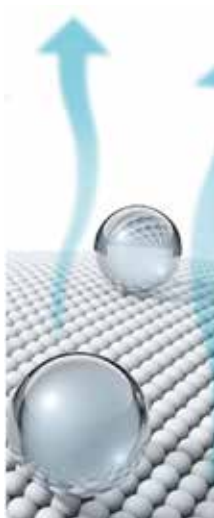

smartbreathe® MESH
Highly functional polyester material provides a highly breathable and pleasant dry feeling due to the mesh structure.

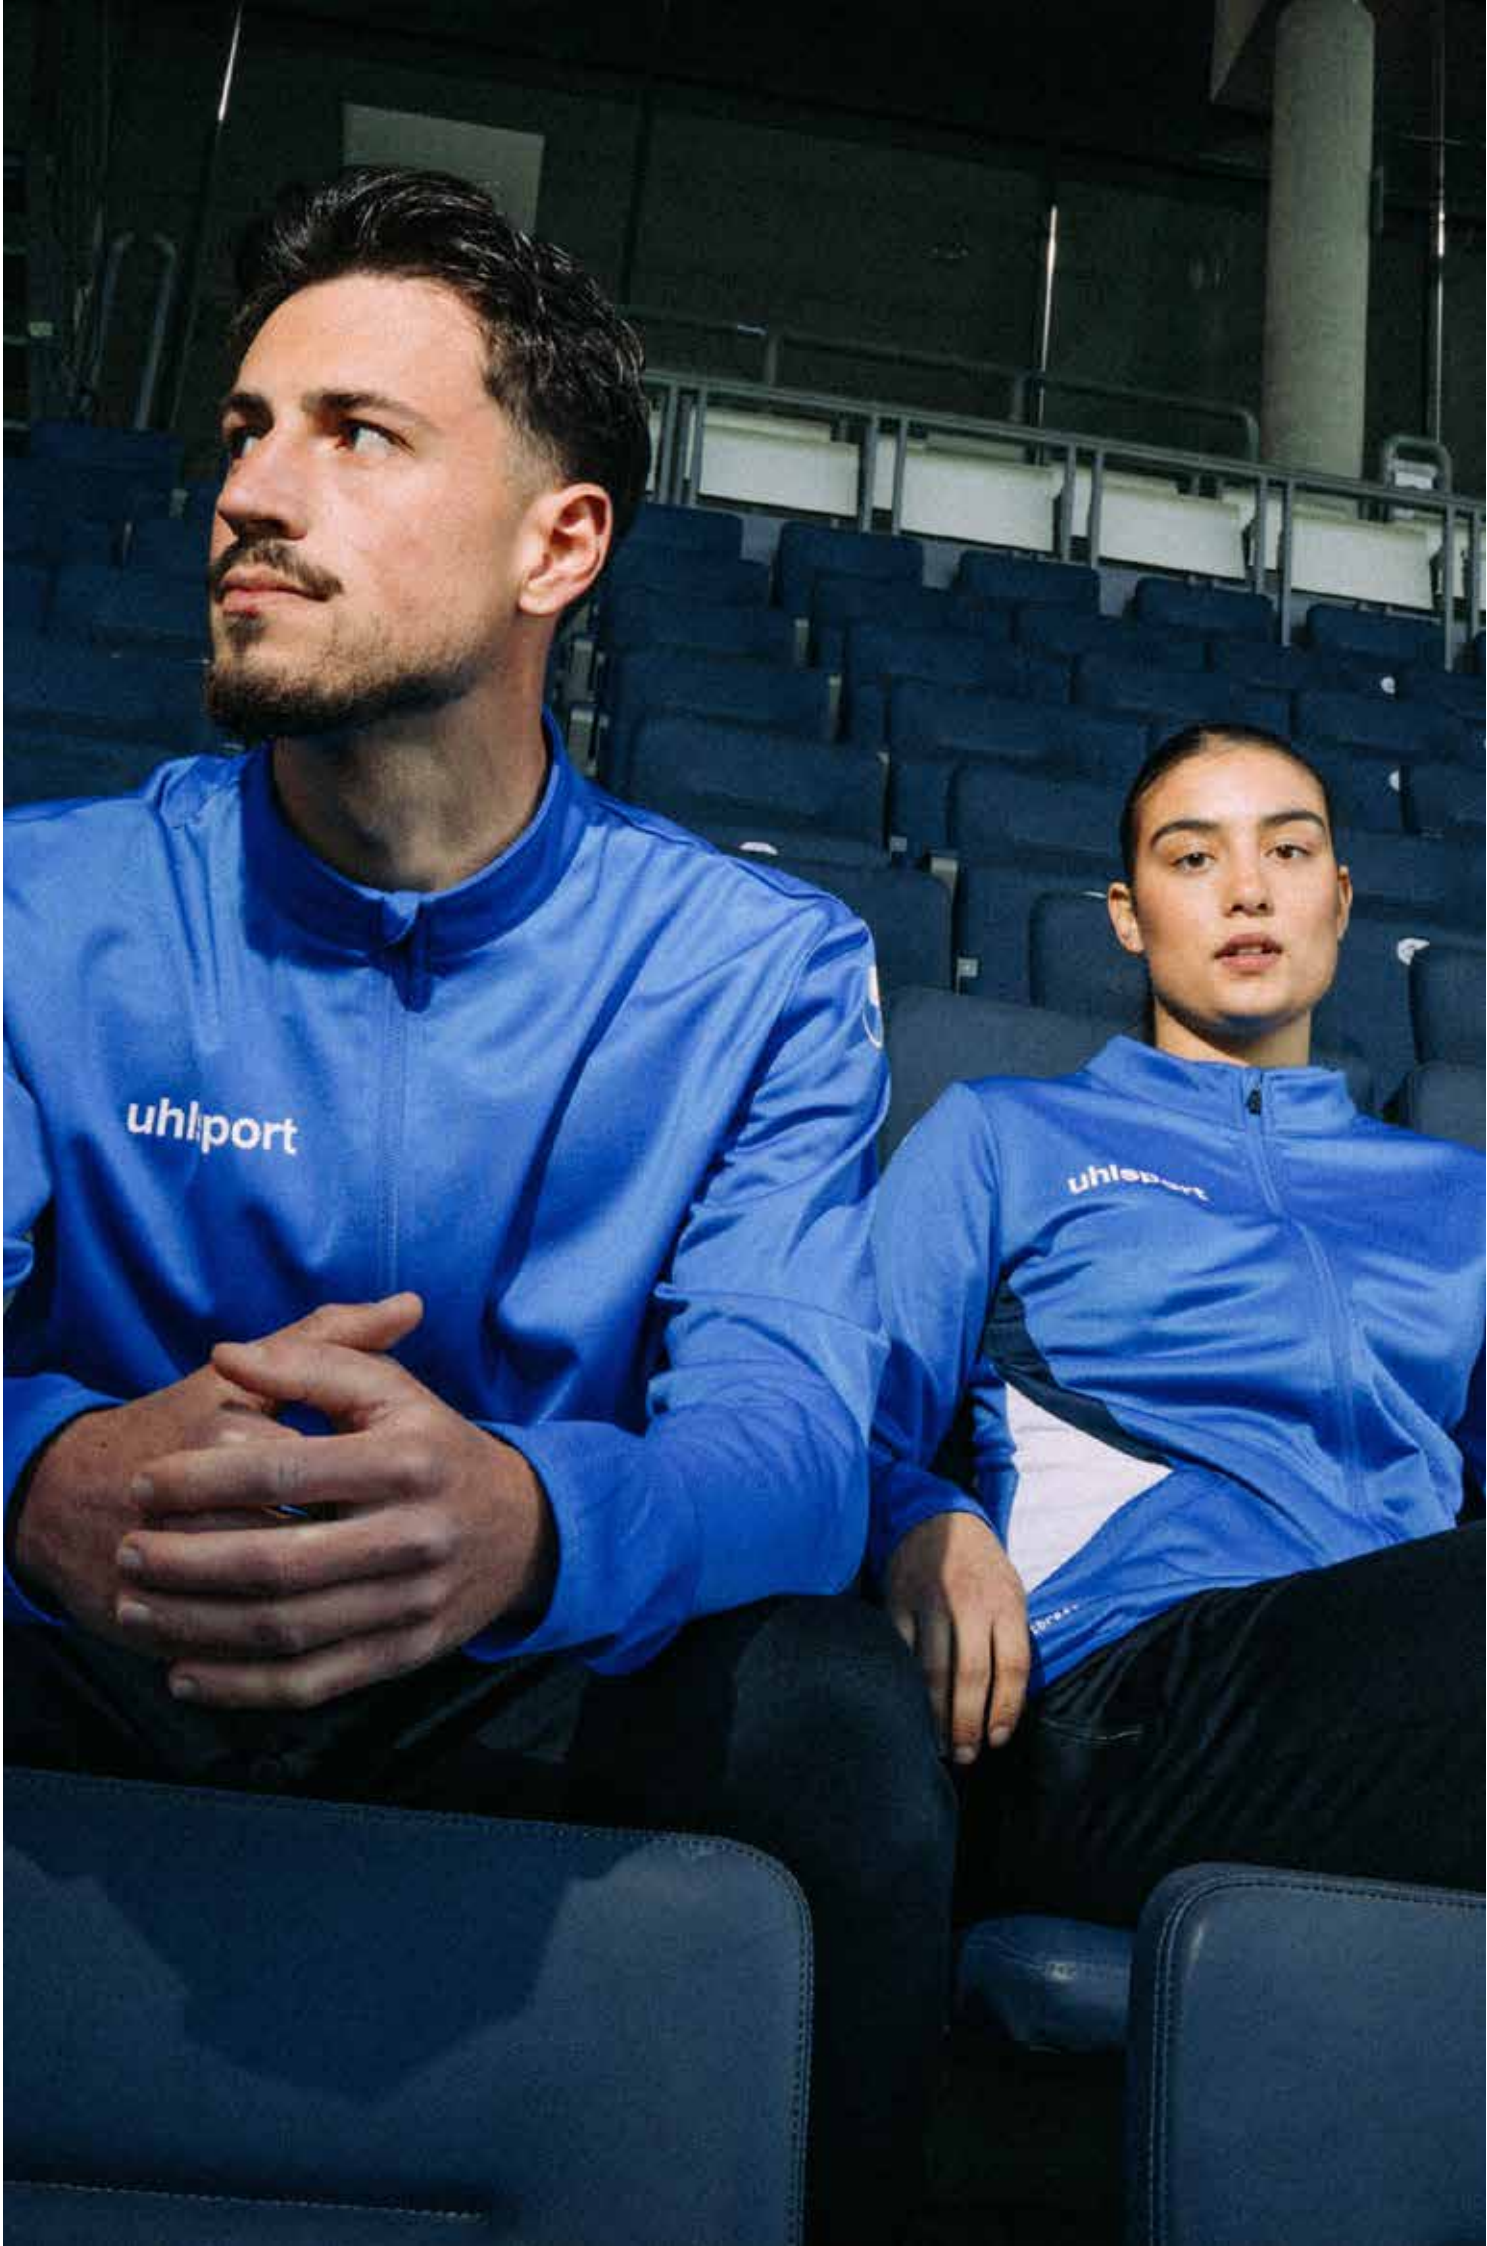

smartbreathe® LITE
Light polyester material, which is very comfortable and breathable.

smartbreathe® ULTRALITE
Ultra light and comfortable polyester material is very comfortable and transports moisture.

smartbreathe® VENT
Quick-drying functional fibers provide optimal comfort and breathability.

ADHESIVE FOAM TECHNOLOGY

MADE IN GERMANY

When selecting our performance foams, we place great emphasis on quality, grip and durability. In order to meet these requirements, we have our adhesive performance foams manufactured in Germany.

Natural + Artificial Grass

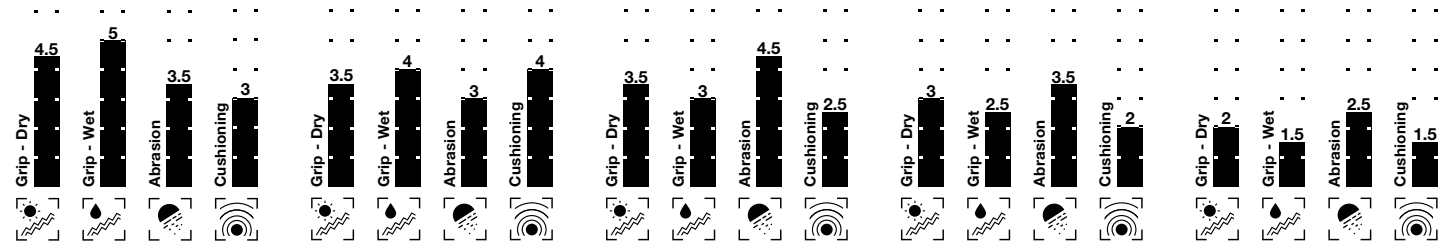

ULTRAGRIP
Your latest high-performance grip foam technology with maximum hold and top catching security. Strategically placed "High-Grip Lines" ensure reliable grip and outstanding performance.

SUPERGRIP+
High-performance adhesive foam with the ultimate grip. The colour-neutral natural latex, combined with adhesive particles specially developed by uhlsport, provides maximum grip and the best possible ball control.

ABSOLUTGRIP
Our high-performance adhesive foam all-rounder. The patented latex compound offers you the optimal balance between the best possible grip and abrasion resistance.

SOFT
Our SOFT family is designed for all beginners and ambitious amateur athletes. The latex blend always differs in one aspect: the balance between grip and abrasion resistance. Which balance is right for you is entirely up to you.

Natural + Artificial Grass

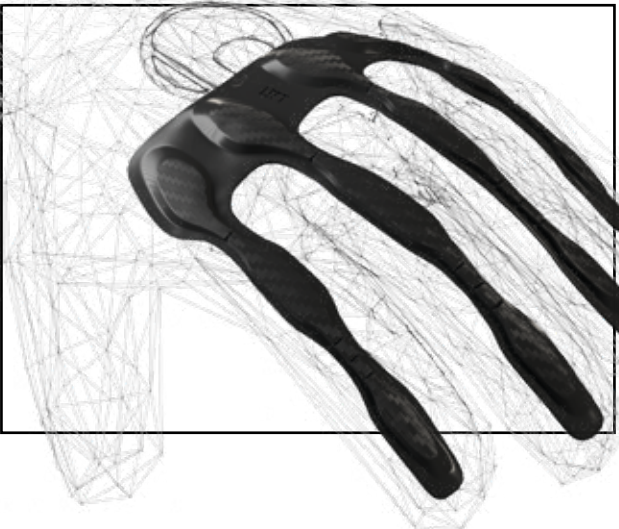

AQUA
Our AQUA foams are your first choice for a wet match. Thanks to special AQUA additives, both our AQUAGRIP and our AQUASOFT guarantee particularly good performance in wet weather conditions.

RESIST+
RESIST+ is what counts when the going gets tough. The latex compound specially developed for artificial turf and hard floors is based on optimised foam properties that are particularly abrasion-resistant and robust.

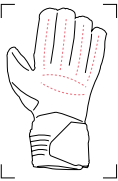

FLEX FRAME CARBON

The innovative FLEX FRAME CARBON technology ensures maximum finger stabilization thanks to its innovative construction in combination with carbon-reinforced fibers. The new lightweight construction makes the frame hardly noticeable.

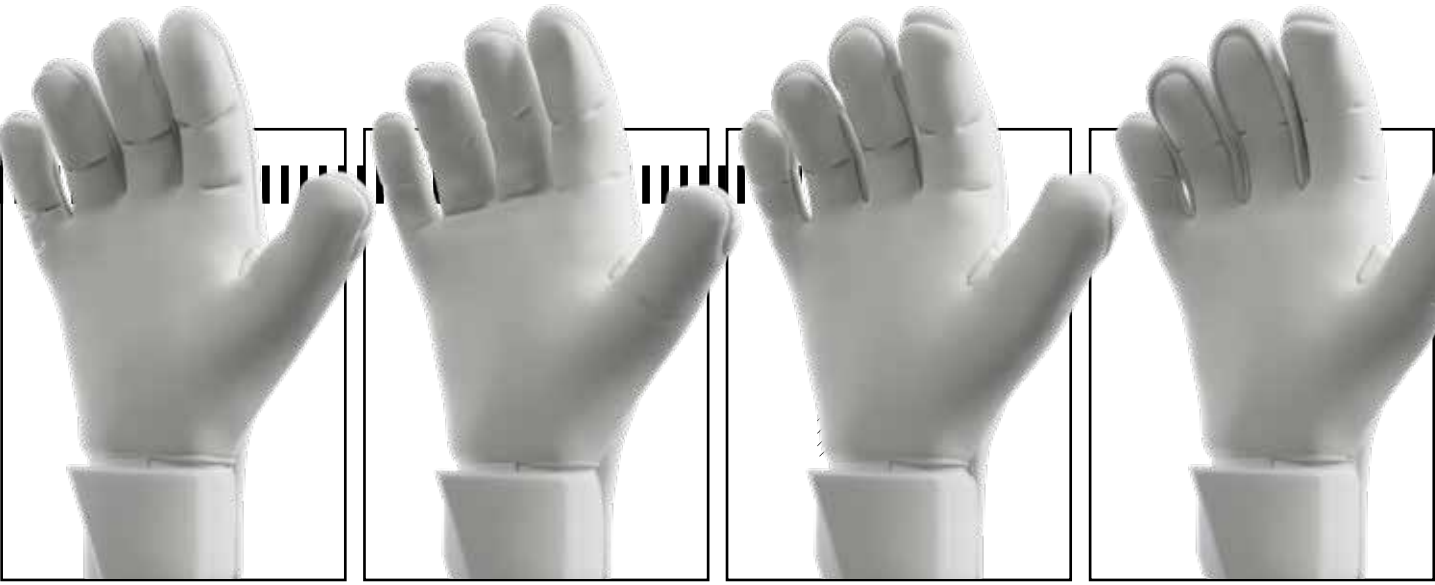

FLEX FRAME

The innovative FLEX FRAME technology ensures optimal finger stabilization without compromising catch mobility. Innovative materials as well as the ergonomic construction of the frame ensure optimum flexibility and maximum support.

CUT - TECHNOLOGY

SKIN CUT
Internal seam construction and maximum grip area for a snug fit and high catching security.

FINGER SURROUND CUT
Internal seam construction and maximum grip surface for a close fit and secure catching.

HALF NEGATIVE CUT
Internal seam construction incl. finger gussets incorporated between the palms and the backs of the hands for an optimal fit and high wearing comfort.

CLASSIC CUT
Outer seam construction incl. finger gussets incorporated between the palms and the backs of the hands for a wider fit and secure catching.
